[Activation Infrastructure Map Server 2009 Keygen](#)

Select Volume Activation Method

Introduction

Activation Type

Product Key Management

Configuration

You can modify an existing volume activation configuration or create a new one. Select the configuration you want to manage and, for the Key Management Service, the server on which the service is installed.

If you need to use credentials other than your current account, enter the username and password before proceeding.

Active Directory-Based Activation

Key Management Service (KMS)
